Here's what our clients are saying

I seriously cannot get over what an incredible program Elder-Well offers to its participants - they put so much into the lesson planning, it is always so creative and varied. I rave to everyone about this program as it is so needed and almost too good to be true! My family is so grateful for the warm and welcoming community at Elder-Well.

- Michelle R.

I can't say enough about our experience at Elder-Well. If I could give it 10 stars, I would! My husband has Early-Onset Alzheimer's and at 58 years old, I was concerned that he might have been uncomfortable attending as he is on the younger side of the participants, but he has had an amazing experience. I knew from our first visit that EW was special.

- Joanna M.

Elder-Well has been the best thing to happen to my relationship with my mom. I needed a place for her to go during the day, and mom needed to find a supportive community where she was around people her age. I have been so impressed with how much she has flourished since going regularly, I highly recommend Elder-Well for your senior.
